The Golden Text of the Sunday Lesson—Sermon in all Churches of Christ. Scientist is chosen from I Peter, and reads: "Laying aside all malice, and all guile, and hypocrisy, and envies, and all evil speakings, as newborn babes, desire the sincere milk of the word, that ye may grow thereby." The subject is "Christian Science."

The Lesson—Sermon tells of one of Jesus' healings which occurred in the synagogues. The report as given in Luke says that "there was a man whose right hand was withered. And the scribes and Pharisees watched him, whether he would heal on the sabbath day;... But he knew their thoughts, and said to the man which had the withered hand, Rise up, and stand forth in the midst... And looking round about upon them all, he said unto the man, Stretch forth thy hand. And he did so: and his hand was restored whole as the other." Mary Baker Eddy, the author of "Science and Health with Key to the Scriptures," reminds her readers that: "A simple statement of Christian Science, if demonstrated by healing, contains the proof of all here said of Christian Science. If one of the statements in this book be true, every one must be true, for not one departs from the stated system and rule. You can prove for yourself, dear reader, the Science of healing, and so ascertain if the author has given you the correct interpretation of Scripture."

Today it's machine guns

Tomorrow it will be washing machines

Just as the machine gun is one of the most important products for war, so are washing machines and other home appliances among the most important products for peace.

To help Uncle Sam buy machine guns today, buy more U.S. War Bonds and Stamps. To have extra money so that you can buy more of the products of peace tomorrow, save additional dollars now in a savings account.

Remember that dollars you deposit in your savings account are fighting and working dollars. Many of them are converted by the bank into war loans... many are invested in government bonds.

BUY BONDS FOR VICTORY! SAVE FOR PEACE!
